

Welcome to Orang Utan Island

Orang Utan Island is located within the exotic, eco-friendly getaway of Bukit Merah Laketown Resort, a 7,000 acre freshwater lakeside haven in Semanggol, Perak. The Orang Utan Island itself, which was formerly known as Pulau Panjang, comprises a vast 35 acre area, 5 acres of which has been set aside as a research centre for these endangered primates.

The Bukit Merah Orang Utan Island Foundation

The Bukit Merah Orang Utan Island Foundation is the driving force behind the island's operations as well as its research centre's main source of funding. The foundation's main responsibilities include the setting up and maintenance of the island's facilities, facilitating sponsorships and donations, organising orang utan infant relocation, displacement support, rehabilitation, and education programmes, in addition to collaborating with universities, government agencies, schools, charitable organisations and non-government organisations.
